Hawai‘i Pacific Health Medical Assistant Program

HAWAI‘I PACIFIC HEALTH | KAPI‘OLANI PALI MOMI STRAUB BENIOFF WILCOX

As part of an ongoing commitment to education and community involvement, Hawai‘i Pacific Health in partnership with Hawai‘i Department of Education high schools offers a ground-breaking Medical Assistant certificate program to train high school students for careers in the health care field. This sponsored program will enable students to learn the skills necessary to enter the health care field upon graduating from high school and excel in a career as a Medical Assistant.

- Classes and labs held on weekdays and Saturdays to accommodate student’s schedule.
- Classes taught by experienced health care professionals.
- Successful completion of this program prepares students to sit for a nationally recognized Medical Assistant certification exam.
- Program combines classroom training and clinical experience for immediate application of new skills.
- Priority consideration for employment with HPH and/or other community partners for each student who successfully completes the program and passes the certification exam.

WHAT IS THE ROLE OF A MEDICAL ASSISTANT?

Medical Assistants play a key role in delivering the highest quality care to patients and their families. This includes assisting with patient care and procedures, administering medications, documenting routine office laboratory and diagnostic tests, as well as performing administrative medical office and business practices such as coding and billing.
